

Title: Transmission Services Quantity Surveyor

Term: Temporary, Full-Time

Location: Winnipeg, MB

Date Posted: August 21, 2017

Closing Date: Open Until Filled

ROKSTAD STRATEGIC INTENT

We are the only family-orientated energy infrastructure company that employs highly-skilled professionals who deliver industry-leading solutions and techniques that enable power system owners and operators -- across North America and expanding around the world -- to deliver power in an era of aging infrastructure and increasing energy demands.

SUMMARY

The Transmission Services Quantity Surveyor provides a variety of support to the Commercial Manager for commercial and contractual aspects of the Bipole III project. This position provides operations with commercial and contractual advice, determining risks and maximizing opportunities. The Transmission Services Quantity Surveyor collaborates with Supply Chain in the procurement of supplier's subcontractor/consultants and provides management of Subcontract packages, from award to final account, inclusive of payments, change control, forecasting and claims management.

The Transmission Services Quantity Surveyor assists the Commercial Manager with the change control processes on the project to ensure that appropriate changes/variations are identified, evaluated, tracked and realised; provides overview of appropriate risk and opportunity allowances; assist with cost control on the project through direct resources and subcontractors and assist with weekly and monthly internal and external reporting.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Provide operations with commercial and contractual advice, determining risks and maximizing opportunities;
- Must be QS qualified;
- Collaborate with Supply Chain in the procurement of supplier's subcontractor/consultants
- Provide Subcontract packages, from award to final account, inclusive of payments, change control, forecasting and claims management;
- Assist with project change control processes to ensure that appropriate changes/variations are identified, evaluated, tracked and realised;
- Assist with project cost control through direct resources and subcontractors;
- Assist with weekly and monthly internal and external reporting;
- Provide overview of appropriate risk and opportunity allowances;
- Other duties may be assigned consistent with the job description.

JOB REQUIREMENTS

- Well organized, fast learner and able to follow instructions;
- Knowledge of transmission line construction means and methods;
- Excellent leadership and interpersonal skills;
- Excellent communication skills, both verbal and written;

- Strong analytical and problem solving skills;
- Adaptable work style with ability to manage multiple priorities (ranging from routine to complex) with deadlines and deliver results with quality;
- Valid Drivers' License is required, as this position requires driving and site visits;
- Ability to travel to and work at project locations.

EDUCATION, EXPERIENCE AND/OR CREDENTIALS

- Mechanical, Civil, or Electrical Engineering Degree or Technologist Diploma;
- Project Management Professional (PMP) designation or professional experience equivalency;
- Minimum 3 years' of directly related experience;
- Proficiency with computer applications, including Microsoft Office Suite, and computer based scheduling and tracking software such as Primavera P6, MS Project;
- Prior experience in a construction, engineering and/or utility environment.

CORPORATE COMPLIANCE RESPONSIBILITIES

We care about our internal and external customers – loyalty is earned.

- Listen, and listen more, to better understand – you get excited about opportunities to help others.
- Own customers' challenges to deliver unique solutions – you recognize that it's our privilege to serve customers because without "them," there is no "us."
- Focus on what is "important" as opposed to "urgent" – you focus on the big picture rather than getting lost in the details.
- Express thanks to those who help us constantly improve – you recognize and embrace constructive criticism.

We strive for safety excellence – practice safety within the workplace, our homes, and at play.

- No compromise on safety – make safety a thought, an action, a cornerstone belief in everything you do.
- Live safely for yourself, your team, and your family – you work together to ensure safety for all.
- Learn and improve from past experiences – lessons learned fuel our future successes.

We create a great workplace by filling it with spectacular people – set expectations high, have fun, and celebrate our successes.

- Succeed through professional and personal growth – take ownership of your own success.
- Always be a Rokstad ambassador – take pride in opportunities to share your beliefs, learnings, strengths, and ideas.
- Respect the unique contribution that every employee brings to the table – be open to learning and growing from employees who move Rokstad forward and help you achieve more.
- Place importance on effectiveness rather than effort – work smarter, by being conscious of your current levels of productivity, health, and happiness.

We take pride in what we do – how we show up is important.

- Be part of the solution – you problem solve rather than complain, gossip, or cut others down.
- Know when to lead, know when to follow – check your ego at the door.
- Pursue improvement ... relentlessly – you make continual changes to grow.
- Strive to achieve the best results – you have higher expectations of yourself than Rokstad has of you.
- Embrace change – you understand that markets change, competition changes, and technology changes.

We stand among the very best – doing it right makes our reputation even stronger.

- Act in Rokstad’s best interest – as though you are an owner.
- Say what you mean, mean what you say –One dishonest action can ruin a lifetime of goodwill.
- Demonstrate trust in order to gain trust – an honest day’s work for an honest day’s pay.
- Lead by example – you recognize that your actions are always being observed, and actions speak louder than words.
- Seek first to understand before seeking to be understood – you avoid drawing ill-informed conclusions or assumptions.

We respect our position in the broader community – act in accordance with our culture and values.

- Build and support the communities where we work and live – make the world cleaner, safer, and more interesting.
- Care for and respect our environment – promote environmentally sound practices throughout every aspect of our business.
- Create a culture of inclusion built on trust, respect, and dignity for all – build teams that capitalize on the diverse talents of all employees.
- Explore opportunities to grow and develop positive relationships with First Nations – create mutually beneficial partnerships.

COMPENSATION

Rokstad offers a competitive compensation and benefits package which will be commensurate with experience and education.

If you are looking for an exciting career with a fast growing, progressive company while participating in the build out of Canada's electric power Infrastructure, please email your resume and qualifications to careers@rokstadpower.com or fax 1-888-310-8831. Please include the job title in the email subject line.

We thank all applicants for showing an interest in this position. Only those selected for an interview will be contacted.
